Comments on Proposal for a Water Resources Exchange

1. The following statement summarizes discussions with

25X1A9A

[redacted]
[redacted] on the Soviet proposal for a water resources exchange.

25X1A9A

2. Consensus is that we would be interested in an exchange of delegations on water resources. However, we do not feel that our degree of interest is per se sufficient to justify such an exchange. Such justification may possibly come from other groups
